# 1999 IEEE INTERNATIONAL CONFERENCE ON PERSONAL WIRELESS COMMUNICATIONS (ICPWC'99)

February 17-19, 1999,

Jaipur, India

---

**Sponsored by IEEE AES/COM/LEOS India Council Chapter and University of Victoria**

*In Cooperation with: IEEE Region 10, IEEE India Council, IETE (India), IEEE Communications Society,  
Dept. of Electronics, Govt. of India, and Delft University of Technology*

It is our pleasure to invite you to the Fourth IEEE International Conference on Personal Wireless Communications, to be held in Jaipur, India. Jaipur is the capital of the Province of Rajasthan and along with New Delhi (280 Km) and the home of the fabled Tai Mahal-Agra (220 Km), forms the golden triangle for travelers to India. The climate in February will be warm and comfortable.

It is estimated that 40% to 60% of the future telephones in India will be based on wireless technologies, not including the demands from mobile communications. Their successful deployment will require the cooperation of a host of players such as wireline, wireless and satellite providers, manufactures and researchers. Therefore the scope of ICPWC'99 encompasses but is not limited to:

- Narrow-/Broadband Mobile Radio
- Wireless Local Loop: LMDS//LMCS, MMDS
- Mobile and Personal Satellite Communications
- CDMA and Related Techniques
- Internet and IP for Wireless
- Fixed and Mobile Convergence
- RF and Spectrum Issues
- Coding, Modulation and Equalization
- Wireless Network Architectures
- Adaptive and Intelligent Antennas
- IMT - 2000/UMTS
- Software Radios

In addition to technical presentations, panel discussions and pre-conference short courses by leading authorities in the field are planned. Please submit a 400-500 word summary by **September 15, 1998** to:
