The Institute for Information Transmission Problems of the Russian Academy of Sciences and the Institute of Mathematics of the Bulgarian Academy of Sciences are organizing the Sixth International Workshop on Algebraic and Combinatorial Coding Theory in Pskov (280 km South-West of St.Petersburg) from Sunday, September 6, to Saturday, September 12, 1998.

The Workshop covers the following topics:

- Linear codes
- Combinatorial codes
- Algebraic-geometrical codes
- Fast decoding
- Encoding with additional information
- Mathematical models in coding theory

Two copies of submitted papers (4 camera ready pages in English) should be received before **June 1, 1998** by
