Extra Banquet Admission, July 3 (for guests) | USD $180 | USD $180 |

---

1. One copy of proceedings in electronic format (delivered on site) is included in the conference registration fee.
2. If you are not an IT Society member, you can save costs by joining. The cost of joining the IT Society is $30 for IEEE Members and $15 for IEEE Student Members. This is substantially less than the price differential for registering for ISIT. Please visit [IEEE/Join](https://www.ieee.org/join) for joining.
3. You must be an IEEE Member at the time of registration to receive the IEEE Member discount. Please visit [IEEE/Join](https://www.ieee.org/join) for details.

Dear Alon Orlitsky,

As a fellow researcher in communications, I wanted to let you know of the many activities taking place at the Information Theory Society (ITS), and to invite you to join us at the half-year rate of US$15 (US$7.50 for students).

Simply sign in with your IEEE Account. The membership will be in your cart. For quick reference, your username is aorlitsky@eng.ucsd.edu.

The IEEE Information Theory Society is a thriving community of engineers and researchers interested in advancing the science and technology of communication, compression, and information processing.

Every year we run several highly-attended conferences, workshops, schools, and tutorials. These venues have consistently featured some of the most exciting developments in information-related technologies, including:

- MIMO communications;
- Turbo, LDPC, and Polar Codes;
- Compressed sensing;
- Interference alignment;
- Network coding;
- Network information theory.

As a member of our Society, you will receive:

- Free access to the IEEE Transactions on Information Theory;
- Our information-packed quarterly newsletter;
- Discounted registration at our conferences, workshops, schools, and tutorials;
- Announcements of upcoming conferences, tutorials, and seminars;
- Information about participation in our mentoring and school activities.

Please consider joining the IEEE Information Theory Society and becoming an even more integral part of the information revolution!

Sign in with your IEEE Account. The membership will be in your cart.

Sincerely,

Abbas El Gamal
President
Information Theory Society

Forming a Chapter
Forming a Chapter

New Society/Technical Council chapter

A Chapter shall be a technical subunit of a Region, one or more Sections or a Geographic Council. There may be single Society Chapters, joint Society Chapters, and Technical Council Chapters. A Chapter shall comprise a minimum of twelve (12) IEEE voting members of a Society, or group of Societies in the case of a joint chapter, and shall be established by petition to the parent geographical and technical organizational units concerned to fulfill the mission of IEEE. In the case of a Technical Council Chapter, a minimum of any twelve (12) IEEE voting members of Council Member Societies in the parent geographical unit shall be required to petition to the geographic unit and to the Technical Council (IEEE Bylaw I-402.6).

This petition to establish a Chapter shall contain the following:

• name of the Geographic parent (Region, Section(s), Geographic Council);
• name of the sponsoring Technical parent Society(ies)/Technical Council;
• name of the organizer (who becomes interim Chair pending election of a regular Chair at a later organization meeting). The organizer shall be of an IEEE Graduate Student Member or of higher-grade status and must be an IEEE member.

Signatures of at least twelve (12) IEEE members, in good standing, of Graduate Student Member, Member, Senior Member or Fellow grade, who are members of the Society(ies) and Section(s) involved. Each petition to form a Technical Council Chapter will be signed by at least 12 IEEE voting members of a Society which is a Member Society of the Technical Council. It is suggested that more than the specified amount of names and signatures be included to ensure that all petitioners qualify, thus speeding the petition’s processing.

In lieu of their signatures on the petition, IEEE will accept an email message from an IEEE member stating their agreement to the formation. These emails must include the name of the member, IEEE membership number and a brief statement of support of the petition. These messages are to be sent to the petition organizer who is requested to cut and paste these emails, preserving the email header information, into one document. A business plan that includes mission/goals, planned meetings and activities for first 6 months.
